

COSTAR PREMIUM SEALER

Premium Sealer for Tiles and Natural Stones

Description

Costar Premium Sealer is water-repellent fortified with new, heavy-duty resin technology to provide maximum protection on all types of natural and artificial stones, granites, porcelain ceramic tiles, concrete surfaces etc. The result is a permanent protective barrier that chemically repels oil and water while still allowing your stone to breathe providing the most durable, long-lasting stain protection available.

Features

- Permanent protection against atmospheric agents
- Water absorption reduction
- Water-repellent
- Excellent stain repelling properties thereby making the surface easier to clean

Product Application

The surfaces to be treated must be dry, sound, clean and free from loose particles or other coatings. Costar Premium Sealer can then be applied using either a brush, a roller or air-less spray equipment, leaving 2-4 hours between each one.

Product must be applied in a uniform manner. Note: several mist coats are more effective than a heavy single coat. Where desired or specified, apply second coat as soon as the first coat is dry.

Coverage (per coat)

- **Cementitious surfaces:**
Approximately 0.1-0.2litre/m², depending on the absorption capacity of the surface
- **Natural stones:**
Approximately 0.05 to1 litres/m²

Packaging

·5liters Liquid

Storage

12 months when kept in a dry and closed area, away from freezing temperatures.

Attention

Additional water should not be added.
Remaining product should be kept closed and airtight in its original packaging

Health and Safety

In case of contact with skin and eyes, wash with plenty of water.
Protective mask should be worn during the preparation of the product.

Limited Warranty

All recommendations, statements and technical data herein are based on tests we believe to be reliable and correct, but accuracy and completeness of said tests are not guaranteed and are not to be construed as a warranty either expressed or implied. User shall rely on his or her own information and tests to determine suitability of the product for the intended use and user assumes all risk and liability resulting from his or her use of the product. Nothing contained in any supplied materials relieves the user of the obligation to read and follow the warnings and instruction for each product as set forth in the current Technical Data Sheet, product label and Safety Data Sheet prior to product use away.
